1. DonateLife Partnerships – Promoting Organ and Tissue Donation

1.1 Introduction

These guidelines outline the grant opportunity to partner with the Organ and Tissue Authority to promote organ and tissue donation. The guidelines assist applicants to assess the appropriateness of their proposed project against the suitability criteria for a grant.

These guidelines outline the criteria and considerations relevant to the assessment of all applications. You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility and assessment criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

The Organ and Tissue Authority administer this grant opportunity and process.

2. About the grant program

The grant opportunity contributes to the achievement of the Organ and Tissue Authority's purpose under Outcome 1 Program 1.1; to save and improve the lives of more Australians through optimising every potential organ and tissue donation for transplantation.

The Australian Government announced up to \$4.0 million (GST exclusive): \$1.0 million annually to run over four years from 2020-21 to 2023-24 for the grant opportunity "DonateLife Partnerships – Promoting Organ and Tissue Donation".

We want more Australians to talk about organ and tissue donation, tell their family that they want to be a donor, and register on the Australian Organ Donor Register.

Through this grant opportunity, we are seeking to build long-lasting programs of collaboration with strategic partners to increase community awareness and education about organ and tissue donation in Australia.

We are looking to establish multiple DonateLife partnerships with a variety of organisations across different business sectors. Funding is available for one or multi-year partnership opportunities.

Funding is available for organisations that can demonstrate they have a national focus or national awareness building platform, under the following partnership categories:

1. Sporting
2. Corporate and/or media
3. Community with a focus on key target audiences
4. Healthcare

At least one grant opportunity will be awarded against each category subject to applications being of excellent or good quality against **all** assessment criteria. Organisations can only apply against one category.

The intended outcomes of the grant opportunity are to build national awareness, and to:

- build a broad and diverse network of high-profile champions or spokespeople for organ and tissue donation across Australia

- increase the national reach of the DonateLife community awareness and education program into new audiences, and strengthen the DonateLife brand
- have established or innovative ways of connecting nationally with the Australian community, with particular consideration for hard to reach audience groups including young Australians (aged 16-25), Indigenous Australians and Culturally and/or Linguistically Diverse (CALD) Australians
- generate support for how and where to register on the Australian Organ Donor Register and have a conversation with your family about donation – driving long-lasting behavioural change

We administer the program according to the [Commonwealth Grants Rules and Guidelines](#) (CGRGs)¹. The CGRGs outline the government's expectations for both government and non-government stakeholders involved in grants administration.

3. Grant amount and grant period

We cannot assist you to address assessment criteria, determine eligibility or complete your application.

8. The grant selection process

This grant opportunity is an open competitive grant process. The Organ and Tissue Authority will assess your application against the assessment criteria.

8.1 Assessment of grant applications

We review your application against the eligibility criteria as outlined in Section 4 of these guidelines. We will then assess compliant and eligible applications against the assessment criteria as outlined in Section 6 using a 5-point numerical scoring scale. We consider your application on its merits and comparatively against other applications, based on:

- how well your application meets the criteria
- how it compares to other applications
- whether your application provides value with relevant money
- how it meets the outcomes and objectives of the program

Table 2: Assessment criteria scoring matrix

Rating (for individual criterion)	Score
Excellent – response to this criterion, including all sub-criteria, exceeds expectations.	5
Good – response to this criterion addresses all or most sub-criteria to a higher than average standard.	4
Average – response against this criterion meets most sub-criteria to an average but acceptable standard.	3
Poor – poor claims against this criterion, but may meet some sub-criteria.	2
Does not meet criterion at all – response to this criterion does not meet expectations or insufficient or no information to assess this criterion.	1

When assessing the extent to which the application represents value with relevant money, we will have regard to:

- the overall objective/s to be achieved in providing the grant
- the relative value of the grant sought and the indicative activity budget
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives, and
- how the grant activities will target key audiences.

8.2 Who will assess applications?

An assessment committee will be established to assess eligible and compliant applications. Assessment committees will be made up of OTA employees, Government representatives and representatives from our DonateLife Network.

Following assessment against the criterion, an assessment committee will review and shortlist applications which have been assessed as excellent or good on its merits. The committee will invite shortlisted applicants to pitch their partnership proposal to the assessment committee and delegate. Presentations will then be assessed in line with the 5-Point numerical scoring scale (see section 8.1 Table 2).

The assessment committee may seek additional information about you or your application. They may do this from within the Commonwealth, even if the sources are not nominated by you as referees. The assessment committee may also consider information about you or your application that is available through the normal course of business.

The assessment committee recommends to the decision maker which applications to approve for a grant.

8.3 Who will approve grants?

The Chief Executive Officer, Organ and Tissue Authority decides which grants to approve, taking into account the recommendations of the assessment committee and the availability of grant funds for the purposes of the grant program.

The decision maker's decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded

- the terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

9.1 Feedback on your application

If you are unsuccessful, you may ask for feedback within two weeks of being advised of the outcome. We will arrange a teleconference to provide verbal feedback within one month of your request.

9.2 Further grant opportunities

If there are not enough suitable applications to meet the program's objectives, we may seek to fill any gaps through subsequent or additional funding rounds, including targeting particular community groups or previous applicants where applicable.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We use the standard grant agreement in this program.

Each agreement has general terms and conditions that cannot be changed. Sample grant agreements are available on Department of Finance [website](#).

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. You must not start any project activities until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. We will identify these in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

Standard Grant Agreement

We will use a standard grant agreement.

You will have 14 days from the date of a written offer to execute this grant agreement with the Commonwealth ('execute' means both you and the Commonwealth have signed the agreement). During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

You may request changes to the grant agreement. However, we will review any required changes to these details to ensure they do not impact the grant as approved by the decision maker.

10.2 How we pay the grant

The grant agreement will state the:

- maximum grant amount to be paid

- eligible expenditure covered by the grant
- any in-kind contributions you will make
- activity components
- reporting requirements

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

We will make payments according to an agreed schedule set out in the grant agreement. Payments are subject to satisfactory progress on the project activity.

10.3 Grants Payments and GST

Payments will be GST Inclusive. If you are registered for the [Goods and Services Tax \(GST\)](#), where applicable, we will add GST to your grant payment and issue you with a [Recipient Created Tax Invoice](#).

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#).³ We do not provide advice on your particular taxation circumstances.

11. Announcement of grants

If successful, your grant will be listed on the GrantConnect and the DonateLife website's 21 calendar days after the date of effect as required by Section 5.3 of the [CGRGs](#).

There may be a public announcement of successful application. These announcements may include details on an individual basis, of the applicant, the value of the grant, the purpose of the grant and details of project partners.

12. How we monitor your grant activity

You must submit reports in line with the grant agreement. We will provide sample templates for these reports as appendices in the grant agreement. We will remind you of your reporting obligations before a report is due. We will expect you to report on:

- progress against agreed grant activity milestones and outcomes
- contributions of participants directly related to the grant activity
- expenditure of the grant.

12.1 Keeping us informed

We will work in partnership with you as you implement your grant activities to make sure the program of work is complementary to existing DonateLife activities – for example regarding timing, branding or key messaging.

You must notify us of events relating to your grant and provide an opportunity for the Minister or their representative to attend.

We ask that you let us know if anything is likely to affect your grant activity or organisation.

³ <https://www.ato.gov.au/>

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of terms and conditions under the grant agreement, you must contact us immediately.

12.2 Reporting

You must submit reports in line with the grant agreement. We will expect you to report on:

- progress against agreed grant activity, strategy, milestones and outcomes
- contributions of participants directly related to the grant activity
- any in-kind contributions
- expenditure of the grant.

The amount of detail you provide in your reports should be relative to the size, complexity and grant amount.

We will monitor progress by assessing reports you submit and may request records to confirm details of your reports if necessary. Occasionally we may need to re-examine claims, seek further information or request an independent audit of claims and payments.

Progress reports (if applicable)

Progress reports must:

- include evidence of your progress towards completion of agreed grant activities, strategy and outcomes
- show the total eligible expenditure incurred to date
- be submitted by the report due date (you can submit reports ahead of time if you have completed relevant activities).

You must discuss any reporting delays with us as soon as you become aware of them.

Final report

When you complete the grant activity, you must submit a final evaluation report.

Final reports must:

- identify if and how outcomes have been achieved using data and analytics where possible
- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred
- be submitted within 30 days of completion in the format provided in the grant agreement.

12.3 Financial declaration

We may ask you to provide a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money.

12.4 Grant agreement variations

We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your grant agreement.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

12.5 Evaluation

We will evaluate the grant program to measure how well the outcomes and objectives have been achieved. We may use information from your application and reports for this purpose. We may also interview you, or ask you for more information to help us better understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.

12.6 Acknowledgement

We will discuss with you DonateLife branding requirements applicable to the activities you outline in your application. Whenever DonateLife branding is used, acknowledgement must be given to the Commonwealth in accordance with the Organ and Tissue Authority's Grant Acknowledgment Guidelines.

13. Probity

The Australian Government will make sure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRGs.

These guidelines may be changed from time-to-time by the Organ and Tissue Authority. When this happens, the revised guidelines will be published on the DonateLife [website](#).

13.1 Enquiries and feedback

All complaints about a grant process must be provided in writing.

Any questions you have about grant decisions for this grant opportunity should be sent to grants@donatelife.gov.au.

If you do not agree with the way the Organ and Tissue Authority has handled your complaint, you may complain to the [Commonwealth Ombudsman](#). The Ombudsman will not usually look into a complaint unless the matter has first been raised directly with the Organ and Tissue Authority.

The Commonwealth Ombudsman can be contacted on:

Phone (Toll free): 1300 362 072
Email: ombudsman@ombudsman.gov.au
Website: www.ombudsman.gov.au

You will be asked to declare, as part of your application, any perceived or existing conflicts of interests or that, to the best of your knowledge, there is no conflict of interest.

If you later identify an actual, apparent, or perceived conflict of interest, you must inform the Organ and Tissue Authority in writing immediately.

Conflicts of interest for Australian Government staff will be handled as set out in the Australian [Public Service Code of Conduct \(Section 13\(7\)\)](#) of the [Public Service Act 1999](#). Committee members and other officials including the decision maker must also declare any conflicts of interest.

The Conflict of Interest policy is available on the Australian Public Service Commission's [website](#).
